IPRs are considered as a barometer of R&D activities, encourages technology transfer, national / foreign direct investments & helps in technological / industrial development. From last many years it was observed that, filing of IP applications in the country are not increasing at higher rate despite significant contribution towards R&D by various Institutes, Scientist and R&D organizations, teachers, student etc. Hence in order to implement National IP policy, RGNIIPM has decided to upgrade IP skills of professors, scientist, students/researchers etc. through in-depth training & create IP Awareness programs at RGNIIPM.

Accordingly, you may apply to participate in the training or may depute officials from your organization to understand the filing procedures of intellectual property. For further details you may visit our office website <http://www.ipindia.gov.in/>
