5. Please let me know the number of Blank Forms that will be required for the Medical examination of students of your college separately for male and female students. It may please be noted that Blank forms are to be used for new entrants only. Old forms may be used for old students. The new forms are used every year for all students, hence the health record is not maintained. There are separate forms for male and female students. The big form is for the purpose of keeping the health record of the students through out his college career. The small form is given to the students ( duly filled in and signed by Medical Officer) immediately after his examination for information and guidance of his parents. Hence the big form is required only for new students in the same college., his form should be used at each subsequent examinations. If this is done there will be monetary gain as well as it helps keeping the health record and serve the purpose of Medical Examination. Keeping this in view let me know your requirements for new forms separately for male and female students.
  6. Forms will be supplied by this office on producing the receipt of the amount deposited in Account Section, Gondwana University, Gadchiroli. The charges of the Blank form will be @ 5/- (Five Rupees per set) of the form. Remuneration to the Doctor @ 4/-(Four Rupees) and @ 1/- (One Rupees) to the Medical Examination Organizer.
