Dear Vice Chancellor/Director

Greetings from AIU!

We are glad to inform that the Association of Indian Universities has joined hands with **International Association of Student Affairs and Services (IASAS)**, Germany in conducting a research study on **"Relationship between Artificial Intelligence (AI) and Student Affairs and Services (SAS)"**.

This collaborative venture of AIU and IASAS aims to explore SAS practitioners' awareness of AI tools, use of those tools, perceptions, and attitudes toward AI along with the benefits, challenges, and ethics of using AI.

The integration of AI in user-facing applications and services has increased greatly over the years. The study aims to explore Student Affairs practitioners' awareness of AI tools, use of those tools, perceptions, and attitudes toward AI along with the benefits, challenges, and ethics of using AI. This study is expected to develop better understanding about the SAS practitioner's engagement with AI around the world.

We request you to participate in this study and encourage the faculty members and Officers of your University/Institutions to take part in the study and fill the survey which will enable us to gauge the extent of engagement of SAS practitioners with Artificial Intelligence (AI) tools and processes and analyse the issues involved in it.

Here is the url: https://sleccr.azl.qualtrics.com/jfe/form/SV_2t6Lw8NfaqaxgMK

Since this survey is anonymous, your privacy will be maintained. The survey should take less than 15 minutes to complete. You have the right to withdraw at any point during the study, for any reason, and without any prejudice.

Your cooperation in participating in the survey will help us to develop a better understanding about the use of AI in Student Affairs and in their support services.

With warm regards,

Yours sincerely

(Dr Pankaj Mittal)

IASAS Survey on Student Affairs and AI

IASAS Survey-Letter for Circulation (1).pdf;

Sir/Madam,
Greetings from AIU!

As we are aware that the Emergence of Artificial Intelligence has heralded a new era in the Education Sector. The integration of AI in user-facing applications and services has increased greatly over the last years and Student Affairs in higher education institutions across the globe are not exempt from this development. With its increased use in education, it has given rise to speculations about related complications in the field, perception and attitude of stakeholders, etc.

In order to gauge the Student Affairs practitioners' awareness of AI tools, use of those tools, perceptions, and attitudes toward AI along with the benefits, challenges, and ethics of using AI, Association of Indian Universities has joined hands with **International Association of Student Affairs and Services (IASAS)**. Germany in conducting a research study on "*Relationship between Artificial Intelligence (AI) and Student Affairs and Services (SAS)*". Given below is the link for collecting data/responses for the proposed study.

Here is the url: https://slccir.az1.qualtrics.com/jfe/form/SV_2t6Lw8NfaqaxgMK

A letter from Secretary General, AIU requesting for participating in the Research Survey is attached as ready reference.

We request you for wider circulation of the link and encouraging your Faculty Members/Officers dealing with Student Affairs to fill the survey.

Your invaluable cooperation will serve a greater cause of higher education and will help us to develop a better understanding of the issues in AI and streamline the Use of AI in Student Affairs.

with regards

Dr Amarendra Pani

Joint Director & Head, Research Division

Association of Indian Universities
