Dear Sir /Madam,

It gives us immense pleasure to invite you to participate in National Seminar on "Recent Methodology of Institutional Assessment And Accreditation of NAAC (RMIAAN-2016)" jointly organized by Rashtrapita Mahatma Gandhi College, Nagbhid, Mohsinbhai Zaveri College, Desaiganj (Wadsa) & Gramgeeta College, Chimur.

About NAAC

The system of higher education in India has expanded rapidly during the last sixty years. In spite of the built-in regulatory mechanisms that lead to satisfactory functioning of higher education institutions, there has been a significant increase in the number of institutions of higher education, which perhaps has resulted in the dilution of standards. To address the issue of quality, the National Policy on Education (NPE, 1986) and the Programme of Action (PoA, 1992) that spelt out strategic plans for the policies, advocated the establishment of an independent National Accreditation Body. Consequently, the NAAC was established in 1994 with its headquarters at Bangalore.

About IQAC

In pursuance of its Action Plan for performance evaluation, assessment and accreditation and quality up-gradation of institutions of higher education, the National Assessment and Accreditation Council (NAAC), Bangalore proposes that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system and work towards realisation of the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of institutions. For this, during the post-accreditation period, it will channelize all efforts and measures of the institution towards promoting its holistic academic excellence.
