

## Gondwana University, Gadchiroli

(Established by Government of Maharashtra Notification No.MISC-2010/(252/10) UNI-4  
Dated 27<sup>th</sup> Sept. 2011 State University Governed by Maharashtra University Act, 1994)

### Board of College and University Development

**Dr. S.M. Rokade**  
Director, BCUD (in-charge)

No/GU/Conf/38/2015  
Date: 07/10/2015

To  
Principal  
Affiliated College  
Gondwana University, Gadchiroli

**Sub:** *“International Conference on Research for Resurgence”* held on 11<sup>th</sup>  
February 2016 to 13<sup>th</sup> February 2016 at Nagpur.

Sir

With reference to above, I have to state that Bharatiya Shikshan Mandal, Nagpur is organizing three days *“International Conference on Research for Resurgence”* during 11<sup>th</sup> February 2016 to 13<sup>th</sup> February 2016 at Nagpur.

Kindly participate the conference and details are given in the brochure and press note received from organizing secretary of the conference.

*Encl. Brochure -*

  
(Dr. S.M. Rokade)  
Director, BCUD (in-charge)  
B.C.U.D., Gondwana University  
Gadchiroli (M.S.)

CALL FOR PAPER - 0.1

INTERNATIONAL CONFERENCE  
ON  
**RESEARCH FOR  
RESURGENCE**

INTERNATIONAL  
CONFERENCE

...  
Hosted by

**Bhartiya Shikshan Mandal**

...  
In Collaboration with

**VNIT, NEERI, RTMNU, PDKV and KKSU**

**Dates**

11<sup>th</sup>, 12<sup>th</sup> & 13<sup>th</sup> February, 2016

**Venue: VNIT, Nagpur**

### **Aim of the conference**

- To initiate a paradigm shift in research orientation
- So as to make it indigenous, holistic, integrated, meaningful and would contribute towards the betterment of the society by its applicability.

### **Theme of the conference**

Research is the most important component of education. The noblest purpose of research is knowledge realization. In the present times, the whole world is undergoing a tremendous turbulence in the field of knowledge realization.

The information explosion of last couple of decades and the consumer driven spurt of technological advancement has posed more challenges than solutions, more questions than answers before the humanity.

The Bharatiya perspective towards life is one step advanced than the holistic and sustainable approach, being considered today. The Bharatiya thought process is 'Integrated'. The purpose of research in present day education has to be sublimated to the level of national regeneration.

It will make the research socially relevant, environmentally eco-friendly as well as technically and economically sustainable.

## RESEARCH FOR RESURGENCE

### Objectives of the Conference :

- 1) To **promote research attitude** amongst citizens especially youths; to inculcate ability of inquiry.
- 2) To orient the direction of research in the education system so as to promote **applicability of research** to society.
- 3) To deliberate and suggest the system by which the **networking of any research** (within education system or otherwise) for initiating appropriate applicability.
- 4) **Promoting interdisciplinary research.** Interdisciplinary approach opens up the possibilities which have not been conventionally possible.
- 5) Research to explore the wider meaning of "life" so as to lead peaceful, contented and purposeful life.

### Presentations/papers on innovative research methodologies on following themes are invited.

1. Education (in teaching, methodology, content, governance of educational institutions.)
2. Science and Technology (socially relevant technology )
3. Economics (cost effective and economically relevant)
4. Environment (organic living)
5. Bhartiya Knowledge Systems (futuristic approach)
6. Humanities (social challenges)
7. Civilization harmony

### The participants shall present their research in any of the following formats

1. A typed text paper.
2. An audio visual documentary
3. A power point presentation
4. A working or non-working model
5. Poster in A1 Size (23" x 33") Portrait format.

**Email for submission** [research@bsmbharat.org](mailto:research@bsmbharat.org) / [conferencerfr@gmail.com](mailto:conferencerfr@gmail.com)

## RESEARCH FOR RESURGENCE

### **Bhartiya Shikshan Mandal**

Bhartiya Shikshan Mandal started its work in the educational sector in 1969 with a view of awakening patriotism and nationalism. The mission of imbuing Bhartiya education with 'Bhartiyata' for national regeneration is - Bhartiya Shikshan Mandal. Shikshan Mandal is working in 26 states and 228 districts of Bharat based on these universal principles. Respect of the diversity and recognition and acceptance of the inherent oneness in the universe are the basic principles of Bhartiyata. Bhartiya Shikshan Mandal has developed a five dimensional agenda for this purpose – Research, Awareness, Training, Publication and Organisation. The aim is to enable society to rediscover the Bhartiya way of life and therefore recreate Indigenous Model of education.

**RTMNU : Rastrasant Tukadoji Maharaj Nagpur University** was established in 1923. It is the biggest university in central India. It is accredited with grade "A" by NAAC. It consists of various courses such as Arts, Commerce, Science, Social Science, Law, Engineering & Technology etc.

**NEERI : The National Environmental Engineering Research Institute** is a research institute created and funded by Government of India. It was established in Nagpur in 1958 with focus on water supply, sewage disposal, communicable diseases and to some extent on industrial pollution and occupational diseases found common in post-independent India. NEERI is a pioneer laboratory in the field of environmental science and engineering and part of Council of Scientific and Industrial Research.

**VNIT : Visvesvaraya National Institute of Technology Nagpur (VNIT)**, also referred to as **NIT Nagpur**, formerly **Regional College of Engineering, Nagpur** and **Visvesvaraya Regional College of Engineering (VRCE)**. The institute has been ranked among the best fifteen engineering colleges in India. The institute was established in June 1960 and later named in honor of engineer, planner and statesman, Sir Mokshagundam Visvesvaraya and in 2007 was conferred the status of Institute of National Importance.

**PDKV : Dr. Panjabrao Deshmukh Krishi Vidyapeeth, Akola** was established on 20th October, 1969 with its head-quarter at Akola. This Agricultural University was named after the illustrious son of Vidarbha Dr. Panjabrao (alias Bhausaheb) Deshmukh, who was the Minister for Agriculture, Govt. of India. The jurisdiction of this university is spread over the eleven districts of Vidarbha. According to the University Act 1983 (of the Government of Maharashtra), the University is entrusted with the responsibility of agricultural education, research and extension education alongwith breeder and foundation seed programme. - See more at: [http://www.pdkv.ac.in/?page\\_id=57#sthash.oyqN0CeX.dpuf](http://www.pdkv.ac.in/?page_id=57#sthash.oyqN0CeX.dpuf)

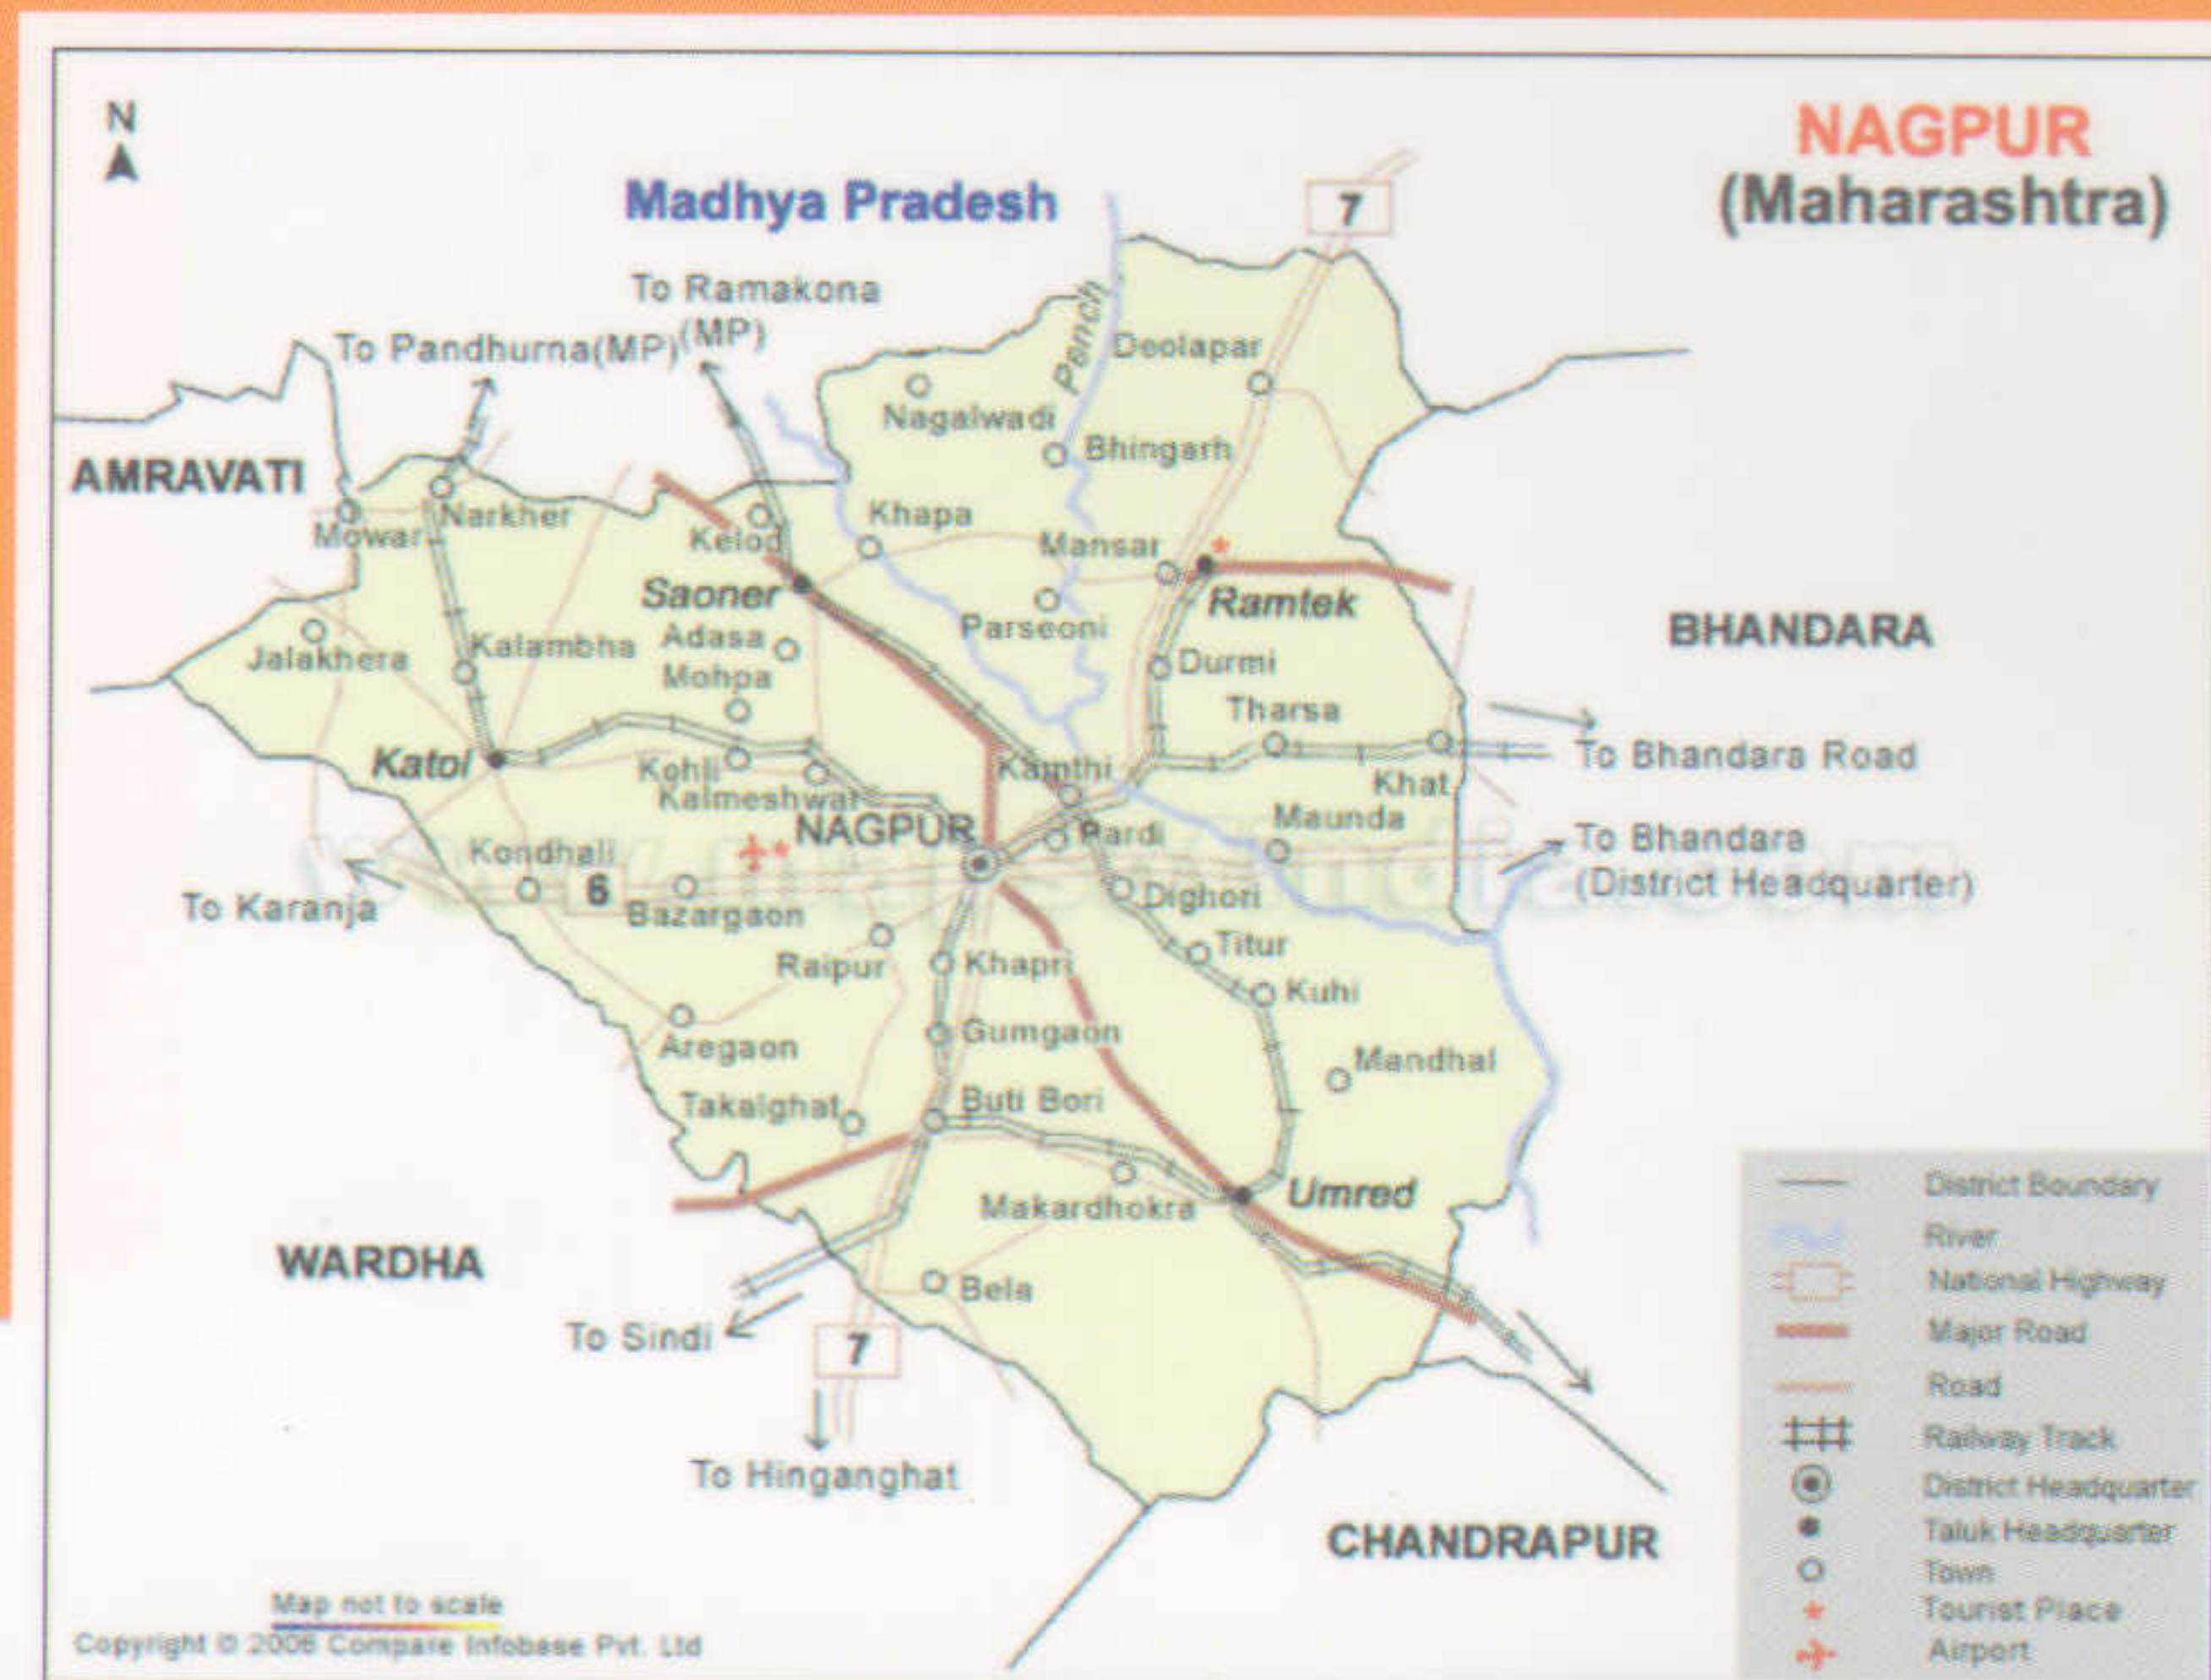

**KKSU : The University** was established on 18th September 1997. The place Ramtek, which is a township in Nagpur district, was selected because it is connected with name of great the poet of world, Kavikulaguru Kalidas. Kavikulaguru Kalidas Sanskrit University has innovative academic programme and syllabus having modern subjects associated with traditional Sanskrit. On the one hand, the courses emphasis on modernity and on the other hand they strive to preserve traditionality. The University has special emphasis on Science and Technology in ancient India as preserved in the Sanskrit texts. The main objective of the university is to promote and propagate Sanskrit and allied ideological studies and to create leadership in this specialized area.

**Nagpur** is the largest city in central India and the sub capital of the state of Maharashtra. Nagpur has been identified as the best city in India by topping the livability, greenery, public transport, and health care indices.

Nagpur is also called the "Tiger Capital of India"[14][15] as it connects many tiger reserves in India to the world. It is among the important cities for the Information Technology sector in Maharashtra. Nagpur lies at the dead center of the country with the Zero Mile marker indicating the geographical center of India.

Climate in Feb is very pleasant with average day temperature upto 30 degrees Celsius and colder nights.

## NAGPUR CITY

## Registration Details:

<u>Heads</u>	<u>Fees before 11 Nov(Diwali)</u>	<u>Fees after 12 Nov(Diwali)</u>
<u>Academicians</u>	<u>Rs. 2500/-</u>	<u>Rs. 3000/-</u>
<u>Research Scholars</u>	<u>Rs. 1000/-</u>	<u>Rs. 1500/-</u>
<u>Students</u>	<u>Rs. 300/-</u>	<u>Rs. 500/-</u>
<u>Industrialist &amp; Institutions</u>	<u>Rs. 5000/-</u>	<u>Rs. 7000/-</u>
<u>Foreign Delegates</u>	<u>Rs. 10,000/-</u>	<u>Rs. 12,000/-</u>

## Important Dates :

<u>Last date of Abstract submission</u>	<u>22nd Oct. 2015 (Dassera)</u>
<u>Last date of Registration</u>	<u>11th Nov. 2015 (Diwali)</u>
<u>Last Date for Final Submission</u>	<u>11th Nov. 2015 (Diwali)</u>
<u>Conference</u>	<u>12 &amp; 13 Feb. 2016</u>

Prizes will be given to best idea presented.

1st Prize	-	50,000/- cash
2nd Prize	-	30,000/- cash
3rd Prize	-	20,000/- cash

**Accommodation Facility:** Accommodation on self finance basis @ VNIT Guest house & Hostels based on payment basis as per availability

### Convenor :

Dr. Ujwala Chakradeo +91 9890601461

### Co-Convenor :

| Dr. Rajesh Binniwale +91 9822746768

| Dr. V. K. Deshpande +91 9822240605

| Dr. (Mrs.) Neha M. Wazalwar +91 9823058011

| Dr. Madhusudan Penna +91 9860529642

### Organising Secretary :

Dr. Aravind Joshi +91 8275282541 / +91 9421802456

### Jt. Organising Secretary :

Dr. Anup Sagdeo +91 9823410000

Dr. Leena Gahane +91 9421704237

## Bharatiya Shikshan Mandal

Sheshadri Sadan, Tulsibagh Road, Mahal, Nagpur-440032 Tel No- 0712-2721322

visit -<http://conference.bsmbharat.org> [www.bsmbharat.org](http://www.bsmbharat.org)

there is an underlying concern for a sustainable and holistic resolution of conflict in all the avenues of human activity viz economics, technology, science, religion, international relations etc. The Bharatiya perspective towards life is one step advanced than the holistic and sustainable approach, being considered today. The Bharatiya thought process is 'Integrated'. Here knowledge was defined as quest of inherent unity in the apparent diversity. Finding this unity is the aim of all education and research is the only methodology which can comprehensively provide the desired results. Thus the humanity needs resurgence of this integrating spirit pertinent to the manifestation of knowledge.

The purpose of research in present day education has to be sublimated to the level of national regeneration. It will make the research socially relevant, environmentally eco-friendly as well as technically and economically sustainable.

### **Resurgence for what?**

When chaos reaches its ultimate pinnacle an urge to go back to basics is what comes as an obvious step. Eternal Bhartiya '*darshan*' has potential to imbibe rethinking on the basics. This is where the resurgence is aimed at.

Going back to basics-----

### **Objectives of the conference**

- Developing and promoting holistic approach in Research
- Imbibing all perspective Bhartiya Approach
- Emphasis on grass root innovations and its documentation
- Encouraging applicability and contribution of research
- Networking researchers from diverse faculties
- Providing novel avenues for interdisciplinary research
- Exploring the wider and deeper meaning of life

## **Areas to be revisited**

- Purpose of research
- Philosophy of research
- Methodology of research

## **Sub themes**

1-Education – Aim of education is the development of overall personality of child. This is possible only with the holistic approach. A critical review of structure of education today, the contents that are learned, the way these contents are taught (methodology) and the governance of education.

Education is the best tool for bringing about social change. It has to be dealt with very sensitively. Research in any of the aspects of education that would bring about the resurgence is expected in the form of paper/idea

2-Bhartiya Knowledge System – futuristic approach,

Bharat has rich heritage of more than thousands of years and we are aware that in Bharat, knowledge systems flourished and reached zenith in almost all faculties then. However we may not accomplish our goal if we remain in the bliss of the history. Therefore it is of utmost importance to be aware of the past but it is all the more important to bring that stream of knowledge of the past in the 'present' to make our future more meaningful and comfortable. The research in this direction is expected.

Secrete of this eternal culture is in ability to be reformed in changing context. But this process seemed to have been curtailed over the period of time due to various influences. Rejuvenation of basic

principles behind this knowledge system has to be understood and applied in present context through research in this sub theme.

3- Economics – questions are being asked regarding the existing models of development, the need has arisen to define development with respect to environment, culture and society; the real meaning of development is necessary to be understood. The identification of appropriate issues of development can bring about paradigm shift in the resurgence of the nation.

The link between financial structure, governance and management of the nation is very strong. The research to make it meaningful towards desired development is expected. Potential of this link can be explored and presented in the form of a paper/ Idea by researchers.

Developmental issues, management, governance and finance are the focus for this sub theme.

4-science and technology – socially relevant

Science and scientific approach is the need of the day. Innovation and technological advances have helped in improving our material life and physical comfort. The contribution of this field to the betterment of mankind is obvious and beyond debate, however the need to inculcate a thought process beyond materialistic approach and to expand the contribution of this field for evolving mankind towards ultimate truth has to be addressed.

Research papers focusing on the ideas contributing towards Nation Building, social upliftment and towards making application of scientific research easy are preferred.

Research in this field has been driven predominantly by the need of the field of Commerce and warfare and not primarily for the betterment of the society at large. So we are compelled to think whether these innovations are boon or bane? Why are we saying that there is a clash between environmentalists and technocrats as though being technical and being humane are two different things?

#### 5- Humanities – social challenges,

Social challenges from grassroots to urbanised smart cities are many fold. Bhartiya approach towards life is integrated, whether in the family, nation or the whole world. This is the key to the psychological comfort much needed in today's scenario. Bhartiya way of life has solutions to the problems posed by the individualistic approach. Research/idea to explore and document the Bhartiya way of life, beliefs to demonstrate significance of integrated lifestyle is expected in this sub theme. Different subjects political science philosophy--- languages

6-Environment – Being eco-friendly is the need of the day now and we have to protect Nature. Methods of going closer to nature can be explored in all walks of life. What we eat, what we use, what we live in and almost everything that we have around us, when done sensitively in consideration to the nature is 'organic living'. From Bhartiya perspective living is itself organic however because of deviation from original concept the emphasis has to be given to organic living separately. Manifestation of 'organic living' can be many fold. Any idea that brings mankind closer to the nature is the idea of this sub theme.

Agriculture, forestry, health, architecture, city planning, industries, all are the possible fields to manifest organic living.

The real meaning of development has to be understood and realised and needs to be manifested through research.

7-Civilization Harmony- (Vasudhaiva Kutumbakam) this is Bhartiya philosophy which propagates that whole world is one family. It fosters an understanding that whole humanity is one family. Mans existence on earth traces back to many thousand centuries, and concept of family is the sign of evolved civilisation. Man has to go way beyond his immediate family and learn to expand horizons of his family. Concept of family in Bharat is very strong and has very diverse connotations. Once a family, our relations have emotional bonding. This feeling of oneness can bring about prevailing unrest in small communities or large Countries to rest. A research for understanding this basic philosophy of 'vasudhaiva kutumbakam' and also to spread it across the world for the peaceful existence of mankind is necessary.

### **Naipunya- the Researcher's Workshop**

Pre conference workshop shall be conducted on the first day of conference. Young researchers shall be the participants for the workshop. Refinement in the talent of research and insight into real indigenous research will be achieved in the workshop. 'Naipunya'- Pre Conference Workshops will also be conducted in various parts of world –before and after the conference with the objective of sharpening the abilities and skills of young researchers and sensitising them towards the social needs.

## **Participation**

Participation for conference is open for all academicians, research scholars, students, industrialists and anyone who feels concerned about 'research', by registration. Eminent personalities shall be invited as key note speakers for inauguration and valedictory and in the plenary sessions. Vice chancellors of national and international Universities, heads of funding agencies for research, policy makers and prominent personalities from industry will be special guests for the conference.

The conference shall be the epicentre of avant-garde movement in research, where 'change' will be initiated.
