About the College

Mahila Mahavidyalaya Gadchiroli is affiliated to Gondwana University Gadchiroli which was established in 10th July 1986 with the ideal of upliftment of women of this backward, naxal infested tribal area in Gadchiroli District. It was the vision of late Shri Jivanrao Sitaram Patil Munghate, the inspiration of Shri Saibaba Gramin Vikas Sanstha Gadchiroli brought about the foundation of this college it has both arts and science junior college. It is single faculty women college catering to the needs of students.

The main objectives of college are to empower women by developing their all around personality, providing quality higher education to all the students irrespective of social and economical status, caste and creed, region, religion and race to stand on their own feet in the society. It also emphasis on personality development and self realization of the students by extracurricular and extension activities, counseling on gender and social equality, brotherhood, justice and national integration to all students.

About Conference

Drug Addiction is a chronic and frequently relapsing brain disease that causes compulsive drug seeking and use to addicted persons. Drug addiction is a serious **Public Health** problem that adversely affects the community. Drug addiction is a complex neurobiological disease that requires integrated treatment of the mind, body, and spirit. Addiction is progressive and need to treat urgently. Addicted person can create a problems such as impact on professional goals, unhealthy personal relationships and degradation in physical and psychological health.

There are different types of drugs viz . heroin, cocaine or crack cocaine, methamphetamine, bath salts, methadone, ecstasy and marijuana along with alcoholism and tobacco. As per the medical science, alcohol is a mind-altering substance normally addicted among the people. Today's concern, consumption of liquor is the most responsible factor to detroit the health of society, family and nation.

Early diagnosis of any drug addiction is easy to control and help to avoid future complications. As per intensity and type of drug, various side effects notice in the affected persons. Today authentic treatment is available as per the addiction of drug and it is a curable.

This conference will be useful to academicians, researchers, social workers, sociologists, students, psychiatrists, occupational therapists and counselors.

The objectives of the interdisciplinary national conference are to promote and inculcate the knowledge and awareness about side effects of drug abuse among the people. This conference will also be useful to resolve and eliminate the various problems raised due to drug addiction.
