Subject : Residential Programmes On "Enhancing Organizational Performance Through ICT" from Feb. 15 -19, 2016, at Goa.

Dear Madam/Sir (s),

NPC has continuously endeavoured to upgrade and assist the organisations in enhancing their efficiency & effectiveness through active learning imbibed in its training courses aimed at benefiting both the employers as well as employees. These learnings then could be constructively translated within organizations for increasing the Productivity, Quality and Profitability.

Thus, once again with the multifold objectives of gaining further insights and knowledge we have designed residential programmes on **"Enhancing Organizational Performance Through ICT" from Feb. 15 -19, 2016, at Goa** wherein we invite your active participation. The accompanying brochure provides further details about the program.

We are sure the programme will be very useful. You may like to sponsor some of your officials to participate in this programme. Seats in the program are limited, therefore, you may like to send your nominations at the earliest.

Looking forward to your early response.

Handwritten signatures and dates: 2/12, 2/12, 2/12

Yours faithfully

Nikhil Panchbhai
Dy. Director (IT&KM)

ANNOUNCES RESIDENTIAL PROGRAMME ON

Enhancing Organizational Performance Through ICT **February 15-19, 2016 at Goa**

INTRODUCTION

There is productivity imperative globally, owing to the changes taking place in technological socio-political and economic fronts. With the citizens increased demand for choice, convenience and service, forces the organizations for better performance and all this within available resources. There is therefore a necessity for dramatic performance improvement that will ensure better results. Organizational productivity growth depends upon the performance turn around. Those organizations that have been able to develop innovative performance excellence and adopt strategies to achieve the same are regarded by the customers/stakeholders.

Enhancing organizational performance requires a holistic approach to synergize technology and human performance. While it would be relatively easier to invest in modernization of equipment and materials, commensurate attention also needs to be shown in improving the hard and soft skills of workforce to make effective use of them. Information technology applications and Human Resource Management techniques have provided the right mix for the improved organizational performance.

This programme is designed to deliberate on the requirement of role of ICT in enhancing organizational performance and developing the performance management systems for the same. The programme will provide the proper platform for participants to excel and perform to meet the organizational performance objectives.
