## I-Con
## 8th National IQAC Conference
## on

# ENGENDERING TECHNOLOGICAL EXCELLENCE IN HIGHER EDUCATION

## January 19 & 20, 2017

## About the Conference

Integrating technology into the teaching and learning processes is a great asset in reforming education. Information and Communication Technology (ICT) has become the backbone of a global society and use of ICT in teaching-learning is one of the benchmarks of institutional excellence. ICT is changing every business and every individual in a profound way. It is inevitable for Higher Education Institutions to adopt and integrate latest technology in curriculum. The use of technology in classroom ensures a positive learning experience. Use of online resources, learning platforms and evaluation mechanisms has facilitated an effective transference of knowledge. Enrolment in online courses has been on a sharp rise since. The gap in Higher Education of India in terms of access, equity and quality can be bridged through effective use of technology.

Dynamic changes are noticed in the world of Technology by the hour. Industries face the threat of obsolesce if they do not update technology. Higher Education system has to keep abreast of innovative technologies in order to ensure relevance. The employability of students is at stake if Higher Education institutions do not engender technological excellence in their academic pursuit. There is also a critical need for deliberations on the social and organizational aspects of technology in higher education.

With this background, the Internal Quality Assurance Cell (IQAC) of Kristu Jayanti College organizes the 8th National Conference on 'Engendering Technological Excellence in Higher Education' with the objective to explore how technology is changing the relationship between faculty and students and for sharing of experiences in the use of technology. The technical sessions of the conference will focus on areas such as use of Information and Communication technology in curriculum, teaching, extension, institutional policies and its learning benefits.

### Sub themes

- Use of Information and Communication Technology in the Curriculum
- Online Learning
- Quality Standards of Excellence in ICT Usage
- Enterprise Resource Planning Systems in Higher Education
- Impact of Internet on Higher Education
- Legal Issues in the Use of Technology in Higher Education
- Mobile Technology
- Use of Internet in Learning
- Online Evaluation
- Support Systems for Technology Integration
- Technology Transfer
- Modern technological Tools and Models in Higher Education
- Any other topics of relevance

## Kristu Jayanti College

Kristu Jayanti College is an incarnation of the educational dreams of Saint Kuriakose Elias Chavara (1805-1871), the founder of the religious congregation, Carmelites of Mary Immaculate (CMI). He envisioned the sunrise of a renewed humanity through the integral development of mind, body and spirit. The motto of the college, Light and Prosperity, aims at this synthesis and the harmony of the spiritual and the physical, the mind and the body. The curriculum and the co-curricular activities are the basic structures acting as spring board to step into the mystery of human life and beyond.

Kristu Jayanti College is reaccredited by NAAC with 'A' Grade in October 2015. It is an Autonomous College under Bangalore University.

Housed in a spacious campus, the college incorporates a traditional academic setting with a cutting edge technology. With refreshing environment, beautiful scenery and moderate climate, it provides an atmosphere which is conducive for effective training and learning programmes.

# Keynote Sessions

| Time | Session |
|---|---|
| **January 19, 2017** | |
