5. a) Read the following passage and answer the questions given below: **8**

The Amazon Rainforest often called the “lungs of the Earth”, produces 20% of the world's Oxygen. It is home to millions of species of plants, animals and insects, many of which are not found anywhere else in the world. The Rainforest plays a critical role in regulating the Earth's climate and absorbing carbon dioxide from the atmosphere. However, deforestation is a major threat to the Amazon. Large areas are cut down for farming and other human activities. This destruction not only harms wildlife but also contributes to global warming. Protecting Amazon is essential for maintaining the balance of planets ecosystem.

- i) Why is the Amazon Rainforest called the “lungs of the Earth”?
- ii) What is the major threat to the Amazon Rainforest?
- iii) How does deforestation affect the planet?
- iv) Why is it important to protect the Amazon Rainforest?
- b) 'List five different types of advertisement and explain any two of them. **8**

OR

What is advertising?
